## Major Changes proposed to the Otter Lake Landfill

---

HRM is considering recommendations to reduce the community and environmental protection elements at the Otter Lake landfill, and to extend its life another 23 years.

**This information session will provide information on:**

- The facilities recommended to be closed;
- The promises HRM made to local residents;
- Provincial regulations;
- The proposed 15 meter height increase;
- Composting plans at Otter Lake;
- What you can expect, and what you can do.
